

Notice of Privacy Practices

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION PLEASE REVIEW IT CAREFULLY.

As a parent/legal guardian of a minor patient at Nicklaus Children's Health System "NCHS", you are the patient's "personal representative." When reading this Notice please understand that when we use the term "you" we mean the pediatric patient.

Applicability of Notice - This Notice describes the privacy practices of Nicklaus Children's Health System and affiliated entities, including Nicklaus Children's Hospital and outpatient facilities listed on the signature page. Each of these affiliated entities are legally separate covered entities, but for purposes of the HIPAA privacy rule designate themselves as a single covered entity and will each follow the terms of this Notice. For purposes of this Notice, the terms "NCHS," "we" and "our" are used in this Notice to refer to Nicklaus Children's Health System and its facilities and affiliated entities, including Nicklaus Children's Hospital and outpatient facilities. Each of these entities may share information with each other for purposes of treatment, payment or health care operations as described in this Notice.

Privacy Obligations - NCHS is required by law to maintain the privacy of health information about you that can identify you ("Protected Health Information" or "PHI"), to provide you with this Notice of our legal duties and privacy practices with respect to your PHI, to notify you following a breach of protected health information and to abide by the terms of this Notice currently in effect. We reserve the right to change this Notice. We reserve the right to make the revised or changed Notice effective for medical information we already have about you as well as any information we receive in the future. We will post a copy of the current Notice in each of the locations identified below. The Notice will contain the effective date. A copy of the current Notice will be made available to you when you initially register with Nicklaus Children's Health System for treatment or services, upon your request, and on subsequent visits if the Notice has been revised.

Our Pledge - We understand that all information about you and your health is personal. We are committed to protecting this information. When you receive services at NCHS, a medical record is created. This record describes the services provided to you and is needed to provide you with quality care and to comply with certain legal requirements. This Notice applies to care generated by NCHS, whether made by a NCHS employee or a doctor involved in your care at NCHS. This Notice tells you about the ways in which we may use and disclose your medical information. It also describes your rights and certain obligations we have regarding the use and disclosure of your medical information.

HOW WE MAY USE AND DISCLOSE YOUR HEALTH INFORMATION

The following categories describe different ways in which we use your health information within NCHS and may release your information to persons and entities outside of NCHS. We have not listed every use or disclosure within the categories, but all permitted uses and disclosures will fall within one of the following categories:

Uses and Disclosures for Treatment, Payment and Health Care Operations: Your PHI may be used to treat you, to obtain payment services provided to you and to conduct "health care operations" as described below.

Treatment: Your health information may be used and disclosed to provide treatment and other services to you – for example, to diagnose and treat your injury or illness. We may disclose your PHI to doctors, nurses, technicians, medical students, interns, or other personnel who are involved in taking care of you during your visit with us or to individuals outside of NCHS who are also part of your healthcare team.

Payment: Your PHI may be used and disclosed to your insurance company or other third party to collect payment for services. For example, we may need to give your health plan information about surgery you received while here so that they will pay us or reimburse you. We may also tell your health plan about a treatment you are going to receive to obtain prior approval or to determine whether your plan will cover the treatment.

Exception: If you pay out of pocket in full for a health care item or service, you have the right to restrict certain disclosures of your PHI to your health plan (see section on "Right to Request Restrictions").

Health Care Operations: Your PHI may be used and disclosed in connection with our health care operations. For example, your PHI may be used to conduct quality assurance activities, such as for evaluating the quality and competence of physicians, nurses and other health care workers; to perform customer service activities, or for investigating complaints. We may also disclose this information to our business associates who assist us with administrative and other functions. We require our business associates to appropriately safeguard the health information of our patients

Appointment Reminders/Treatment Alternatives/Health-Related Benefits and Services - We may use and disclose your PHI to contact you to provide appointment reminders or information about treatment alternatives or other health-related benefits and services that may be of interest to you.

Fundraising Activities - NCHS may use or disclose health information about you to contact you in an effort to raise money for our organization and its operations. We may disclose this information to the Nicklaus Children's Health Foundation to assist us in our fundraising activities. Only contact information such as your name, address and telephone number, and the dates you received treatment or services at NCHS would be released. You have the right to opt out of fundraising communications at any time and your request must be honored. If you would like to opt-out of receiving fundraising communications, please notify our Privacy Officer in writing or make your opt-out request using the method provided to you with every fundraising communication.

SITUATIONS WHERE YOU HAVE AN OPPORTUNITY TO AGREE OR OBJECT TO USES AND DISCLOSURES OF YOUR PHI

Hospital Directory - Nicklaus Children's Hospital may include your name, location in the hospital, general health condition (e.g. fair, stable, etc.), and religious affiliation in a patient directory without obtaining your authorization unless you object to inclusion in the directory. This information, except for your religious affiliation, may be released to people who ask for you by name. Your religious affiliation may be given to a member of the clergy, even if they don't ask for you by name. This is so your family, friends and clergy can visit you in the hospital and generally know how you are doing.

Individuals Involved in Your Care or Payment for Your Care - Your PHI may be disclosed to a family member, friend or other person to the extent necessary to help with your health care or with payment for your health care. Before we disclose your medical information to a person involved in your health care or payment for your health care, we will provide you with an opportunity to object to such uses or disclosures. If you are not present, or in the event of your incapacity or an emergency, we will disclose your medical information based on our professional judgment of whether the disclosure would be in your best interest.

Any disclosure, however, would only be to a government agency or authority that is able to help prevent the threat.

Research - Under certain circumstances and provided that your identity is protected, we may use and disclose medical information about you for statistical and research purposes, including research planning and the creation of research proposals as long as Protected Health Information is not removed, copied, or compromised.

As Required by Law - We will disclose your PHI when required to do so by federal, state or local law.

If a use or disclosure of health information described above in this Notice is prohibited or materially limited by state law, it is our intent to meet the requirements of the more stringent law.
